

**Innovative Environmental Services (IES) Ltd** is an independent GLP-certified Contract Research Organization (CRO) with its headquarters in Witterswil, close to the city of Basel in Switzerland. We perform Environmental Fate, Metabolism, Ecotoxicological and Analytical Chemistry Testing to support the development, registration and stewardship of agrochemicals, chemical products and pharmaceuticals.

**We are looking for a:**

### **Laboratory Technician in Metabolism (100 %)**

**Your main responsibilities:**

- Conduct of laboratory product safety studies, i.e.-in-vitro dermal penetration, bioaccumulation in fish, in-vitro metabolism (microsomes, hepatocytes), metabolism studies in crops, and metabolism in livestock.
- Working with radiolabelled marked substances ( $^{14}\text{C}$ ,  $^3\text{H}$ )
- Preparation of stock, application, and calibration solutions
- Preparation of the study samples and application of the test chemicals
- Workup of study samples, i.e. homogenisation, extraction, sample clean-up techniques, solid phase extraction, and measurement of radioactivity (liquid scintillation counting).
- Calculation, evaluation, and presentation of results in the form of Excel spreadsheets
- General laboratory and administrative tasks under GLP

**Requirements:**

- Successful apprenticeship as lab technician or BSc in Chemistry; Biochemistry or a related subject
- Experience within the agrochemical, chemical or pharmaceutical industry, research institute or in a GLP-certified CRO is of advantage
- License or training for animal experiments (fish studies) are of advantage
- Well-organized, flexible in work assignment and work schedule
- Team spirit, high level of commitment and willingness to learn
- Fluency in spoken and written English is essential. German and/or French are of advantage

**Your Chance:**

We offer you responsibility, independence and a long-term occupation with a 100% work quota in an internationally successful company. After an adequate training you will be able to implement your talents and foster your skills. You will further benefit from flexible working hours and the advantages of a medium-sized company, flat hierarchies and small, dynamic, international teams.

**Your contact:**

We are looking forward to your complete application (cover letter, CV, testimonials, reference), you can submit it by E-Mail: [careers@ies-ltd.ch](mailto:careers@ies-ltd.ch)

We prefer direct applications and kindly ask you for your understanding that we cannot consider application documents from recruitment agencies.
